

CURRICULUM VITAE – WOOSUNG KIM

Personal details:

Address: 329A Bucklands Beach Rd, Bucklands Beach, Auckland
Contact number: 02108331984
Email: kimwoosung1123@gmail.com

Personal statement:

I recently graduated from the University of Auckland with a bachelor's degree in Information and Technology Management and Computer Science. I held several internships within leading organisations, including SAMSUNG, where my project team got first place in an IT data analysis project. I enjoyed solving real-life problems during the SAMSUNG internship through data visualisation/analysis tasks. My desired position at is any graduate or junior Frontend Software roll that helps customers with IT skills. I love to help businesses stay ahead of the game with my knowledge of all technical skills and diverse perspectives.

I am now looking for a new challenge that will allow me to develop my customer service and tech skills further. I am enthusiastic and professional and would fit well into the company team culture and contribute to the ongoing services.

My nationality is South Korean, but I was born and raised in Japan and moved to New Zealand by myself when I was 15. So, I am fluent in Japanese and English and can understand essential Korean.

Education:

The University of Auckland
-Bachelor of Science

- Information and Technology Management
- Computer Science

Freyberg High School(Palmerston North)
-NZQA Level 3

Scholarships and awards:

- Academic Certificate in Business Analysis by IIBA and the University of Auckland
- Certificate of Outstanding Achievement in Introduction to Software Fundamentals by the University of Auckland
- The highly Commended University of Auckland Micro-Internship at SAMSUNG

Leadership positions:

- *Japanese representative in JAM(Japanese Auckland Meetup) social and cultural exchange club*
- Leader in the team at Micro-Internship at SAMSUNG
- President role in Palmerston Karate club

Transferable skills:

Examples of headings include:

- Languages – Fluent in Japanese and English(Both writing and speaking). Basic Korean understanding.
- Communication – I can understand a wide range of demanding, longer texts, and recognise implicit meaning, also can use language flexibly and effectively for social, academic and professional purposes.
- Coaching – I used to teach/guide sports, Karate, piano, and the Japanese language to students.
- People or Interpersonal skills – As I have an international background and am one of the admins in significant social and cultural exchange clubs at UoA, I am aware of different cultures and how to communicate to build strong connections with people.
- Computer skills –
All range skills with MS Office software(Word, Excel, Outlook, PowerPoint, OneNote, Access).
Programming-
 - Python
 - C#(Basic)
 - JavaScript
 - React
 - HTML/CSS(Basic)
Data Analysing Software-
 - Tableau
 - SQL(Basic)
 - MongoDB
- Leadership skills –
Japanese Representative Admin at *JAM(Japanese Auckland Meetup) social and cultural exchange club*
 - *I learned how to create and organise events continuously and improve my communication skills as I help new people come to our club every week. We have about 350 members signed up every year at the University of Auckland.*
Project leader at Micro-Internship at SAMSUNG
 - I learned the importance of teamwork and its workflow to complete the project by the deadline. We were given three weeks to complete different tasks, and as a leader, I needed to set the group zoom meeting date and the personal goals for every week. I gained a lot of time management and decision-making skills during the internship.

Work experience:

29/06/2021 to 21/07/2021

Internship at SAMSUNG – Data Visualisation/Data Analysis

Based on the Samsung client's data, I manipulated it and changed the structure to make it more organised and readable. We were allowed to use any software to generate data visualisations that the client would like to see. I used Tableau to create visualisation and analyse the data, which would be helpful to the current problem that the client was facing.

Responsibilities:

- As a project team leader, I organise online meetings and set deadlines for each task.
- I am also managing the team members' performance by observing weekly results.
- Create an appealing graph and table that visualises the data's key features.
- Analyse the data and explain the purpose of the visualisation to other members.

Key Skills and personal attributes:

- Data manipulating skills with Excel
- Data visualising abilities with the software Tableau
- Building dashboards and valuable reports empower the client and my team to use data to make critical decisions.
- Excellent communication skills with other team members to accomplish the projects.

Achievements in the role:

- Our team were nominated as the top team and awarded as a highly commended project team, and we had a presentation in front of the client.
-

05/04/2021 to 15/05/2021

Kalessi Bathroomware – Data analysis/IT coordinator

I worked on creating visualisations that will be useful for their Marketing report to improve their sales. Also, there was no proper database that contained all information in one place before I joined. Therefore I transfer all information into one place to make everything visible and functional for future use.

Responsibilities:

- Make sure all data in the different datastore is functional and manipulatable.
- Create Excel sheets that are useful for salespeople to record when new sales are made.
- Remember the sales points for each bathroom ware.

Essential skills and personal attributes:

- Customer service at the showroom.
- Visualisation skills with Tableau
- Small marketing reports containing the graph created by Tableau
- Teaching other front sales managers how to input data into Excel when new sales are made.

Achievements in the role:

- The company created a new advertising strategy based on my data analysis and other marketers' reports.

Volunteer work:

Japanese representative in JAM(Japanese Auckland Meetup) social and cultural exchange club

- JAM has more than 300 member sign-ups every year.
- I organise events that everyone can participate in and enjoy every month.
- I translate all social media advertisements into Japanese and post them on different social media.
- We hold a weekly session on Friday night at the University of Auckland, and I will guide new people and bring them to join other members.

Current Visa Type:

I am currently holding a 36-month work visa that started on 23 September 2022.

Personal interests:

- Piano – I love to play the piano and compose music. I cannot read music sheets but can play with my ears. Especially when I am stressed, playing the piano makes me calm.
- Karate – I used to do Karate since six years old and have a black belt.
- Gym – I go to City Fitness often with my gym mates to stay fit because I love eating.
- Travel – I love travelling the world. I have been to more than ten countries so far.
